ROTARY MINUTE – APRIL 18, 2018

The Rotary International website, www.rotary.org, is a bountiful source of Rotary information that's appreciated by many of us who access it frequently and recognize its excellence. It's now been nominated for a **Webby Award** from the International Academy of Digital Arts and Sciences.

The Webby Awards are the leading international award for excellence on the internet. Rotary is competing for an award in its category, "associations", to be selected by the Academy, but also for a "**Webby People's Choice Award**" whose winners are selected by public vote. "Nominees like Rotary are setting the standard for innovation and creativity on the internet" said the executive director of the Webby Awards..."it's an incredible achievement to be selected among the best".

We can help Rotary win the People's Choice Award, which will be announced on April 24 in New York City. Visit www.webbyawards.com, click on "vote now", and help us bring home the prize.

Register NOW for the District 6930 PETS III, formerly known as the District Assembly, which will be on May 5th - 6th at Club Med in Port St. Lucie. This will be a unique day for learning and networking with your fellow Rotarians and District Leadership.

What is PETS 111/District Assembly?

In view of the annual turnover of Rotary leadership each year, special effort is required to provide club leaders with appropriate instruction for the tasks they will assume. The annual district assembly is the major leadership training event in each Rotary district of the world.

The workshops offer motivation, inspiration, Rotary information and new ideas for club officers, directors and key committee chairmen of each club. Some of the most experienced district leaders conduct informative discussions on all phases of Rotary administration and service projects. The sessions give all participants valuable new ideas to make their club more effective and interesting. Delegates from each club (officers, directors, committee chairs, etc.) are invited to attend the training session.

Another important feature of the retreat is a review by the incoming district governor of the program theme and emphasis of the new RI president for the coming year. District goals and objectives are also described and plans are developed for their implementation.

The success of each Rotary club is frequently determined by the club's full representation and participation in this annual meeting.
