Rotary Minute – Wednesday, November 22 November – Rotary Foundation Month

Our observance of Rotary Foundation Month continues as today's speaker, Club International Foundation Chair, Jane Burton, brings us up to date about the Foundation and its many programs and activities. But first, a few basics:

The Rotary Foundation transforms our gifts into service projects that change lives both close to home and around the world. Over the past 100 years the Foundation has spent over three billion (**billion...with a "b"**) dollars on life changing, sustainable projects.

Our donations make a difference for those who need our help most. In addition to wiping out 99.9% of all polio cases, our donations help train future peacemakers, support clean water and strengthen local economies. Your donation can save a life. A child can be protected from polio for as little as 60 cents.

Our Club can be proud of its support of the Foundation, and of its many efforts to support Rotary's Polio Plus initiative.
